REQUEST FOR A CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323

Dear Sir:

Patentees respectfully request that a Certificate of Correction, pursuant to 35 USC § 255, and 37 C.F.R. 1.323, be issued to correct a mistake of minor character in the above-identified U.S. patent that was not the fault of the Patent and Trademark Office. In addition, patentees request correction of other mistakes which were incurred through the fault of the Office.

The mistakes are listed below. A Certificate of Correction (Form PTO/SB/44) listing the above-requested corrections is attached in duplicate. In addition, a Fee Transmittal (in duplicate) is submitted herewith, authorizing a charge as set forth in § 1.20(a) to our Deposit Account for this submission.

In re Application of: Chackalamannil, S. et al.
Serial No.: 09/940760
Filed: 08/28/2001
U.S. Patent No. 6,821,978
Issued: 11/23/2004

In accordance with §1485 of the MPEP, quotation marks (" ") are used to enclose the exact subject matter to be corrected, and double hyphens (-- --) are used to enclose subject matter to be added.

REMARKS

The corrections requested for Column 100, Claims 9 and 10 relate to an inadvertent error made in an amendment by Applicants in attempting to conform the claims to a particular invention for which Applicants had elected to continue with prosecution in the subject application. In the Election/Restriction Requirement mailed by the Office on February 5, 2003, Group I was defined as "Claims (in part) 1-21, 24-40, drawn to compounds, composition[s], a method of use and the first recited method of [making] the compounds of generic Formula (I) of claim 1 wherein *R4 = carbocycle which is non-aryl and non-heterocycle....*" (emphasis added). In the response dated May 5, 2003, Applicants elected to prosecute Group I, and amended Claims 1, 9, 13, 27 and 40 to delete recitations and structures reflecting R⁴ as a heterocycle, in accordance with this election. However, in preparing this Amendment, Applicants missed the fact that Claims 10 and 11 recited definitions of R⁴ that were beyond the scope of the elected invention. Thus, the failure to delete the recitation of tetrahydropyranyl groups from Claims 10 and 11 was an inadvertent error, and a mistake which occurred in good faith. Moreover, since these groups are outside the scope of Claim 9, from which they depend, the mistake is of minor character.

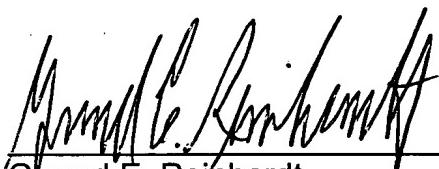

The other mistakes are typographic errors which were incurred through the fault of the Office.

Should any fees other than those indicated on the Fee Transmittal become necessary for the grant of this Certificate, the Commissioner is hereby authorized to charge any such fees to Deposit Account 19-0365.
